**Market applications are reviewed weekly.** The Market Coordinator will contact you in a timely manner to let you know if your application has been approved, or if you have been placed on a waiting list. Please do not send money with the application.

**Please remember:** You are only allowed to market the products that you have indicated on your application and that you have been approved to sell. This measure is not meant to stifle creativity on your part but rather to ensure a sustainable product mix in a small market and the authenticity of its mission as a growers' market. Should you wish to expand your line of products, please contact the Market Coordinator about additions for approval.

If your product is not invited into the market, it may not reflect upon the quality of your product. Rather, products are chosen based upon

the market's stated criteria and specific needs for a balanced product mix. Although some products are delicious, they may not lend themselves to this forum due to outdoor conditions of the Market.
